Cannon Hill Road, Coventry. CV4 7BS

This traditional detached single bayed house has been sympathetically extended and remodelled by the current owners who have created this fabulous family home. The accommodation extends to over 2,200 sqft and is arranged across three floors. Set behind an in/out driveway that provides hardstanding there is a canopied porch and step that lead you into the large central entrance hallway. From the hallway you access the ground floor shower room, sitting room with deep bay window and wood burning stove. There is a formal dining room and to the rear is the stunning open plan kitchen and family room which is the heart of this home. The stylish units have corian counters and splashbacks, a bank of units incorporating twin ovens and proving drawer and central to it all is the island. Twin bi-folding doors open onto the tiered patio and gardens beyond.

On the first floor are four bedrooms, the principal bedroom having an en suite shower room and the family bathroom. A dog leg staircase then provides access to the final two bedrooms on the second floor.

Outside is a front car port and side pedestrian access to the mature, well stocked rear garden with a tiered terrace and sun lounge area at the top of the garden.

The house benefits from the usual creature comforts with gas central heating and double glazing. It also is ideally located for Warwick University and Business Park, whilst only a short stroll to Cannon Park Primary School.

Throughout the property is a sense of light that can only be appreciated when viewed.
